

Trailblazer

The importance of packaging is not limited to any one sector. Our laminates also find use in industrial applications, and are used by manufacturers of steel tubes and pipes to cover their products, helping their brand promotion and product visibility

Bleed Green

* We modified the boiler structure in MIPL to allow more air entry, thereby reducing ash residue and also decreasing heaviness of smoke emitted.

* We have extended the auto-flip over power to our staff quarter, so that their free time remains comfortable even in the event of a power failure.

Trends

Singapore has a well established system of generating electricity from waste. About 3% of all electricity generated in the country is powered from burning waste in a special incinerator.

SOCIAL NETWORK

* On the occasion of World Environment Day, the Team Members in

KISPL got together to plant saplings.

* A special external training was organized for investor awareness, to explore and distinguish between the

various investment instruments available to an individual.

Spotlight

We would like to thank and congratulate Munindra Deka for being part of the Manjushree Family for 25 years. We hope to continue our association with him for many more years.

“ We ll planned layout. Good hygiene being maintained. Keep it up.”

- -Somnath Chatterjee, Procurement Head, ITC

Testimonials

“Very good technology. Highly trained technical team. Neat and clean. I wish all the best & CIPET is ready to tie up with required services.”

- - K.J. Ghai, Director & Head, CIPET Guwahati

Beacon

“Having been part of this inspirational Team since its inception, I can safely say that we have come a long way, and are well and truly capable of going even further.

We, as a team, are committed to meeting our production milestones that we keep on posting to challenge ourselves. We will do it by producing time bound and quality oriented products, to meet (and hopefully exceed) our customer requirements. To make completing such targets a habit, there is no better time than now to put our hands together, to make our dreams come true, and to meet common organizational objectives.”

– Supriyo Das, Senior Manager, Production

Bond Strength

*Manjushree Plastics was awarded the Best Channel Partner in Assam and NE region by Sepack India Pvt Ltd for the second consecutive year.

* We sent a delegation to visit the Job Fair organized by Round Table India, Guwahati Circle where we got to interact with and screen many candidates.

Report Card

MIPL added another rotogravure printing machinery to its printing line.

Shout-out

We would like to give a shout-out to the housekeeping Team in MIPL. From getting the site categorized as 'High Hygiene' during BRC Audit, to impressing many a visitors, the Team has kept delivering. Kudos.
