

Trailblazer

Manjushree entered into the pharmaceutical industry with one of its latest offering - a distinctive polyfilm used for heat and press lamination to package tablets and capsules.

Manufactures continue to rely on plastic packaging for their products to increase their own marketability. We successfully supplied packaging solutions for pillows.

Social Network

*Always on the look-out for fresh talent, Manjushree had attended a Job Fair organized by Round Table India, Guwahati

*Workshops on physiotherapy and fire safety and evacuation were conducted in MIPL by external experts.

Bleed Green

*In KISPL, we had installed a level sensor in the water tanks which automatically shuts down the motor, preventing wastage due to overflow.

*In MIPL, we introduced a boiler drive and made changes to the motor in the exhaust duct, enabling us to save electricity, control the outflow of smoke and prevent excess dust accumulation.

Trends

Realizing the importance of waste segregation, The Kharar Municipal Corporation came up with a unique initiative to encourage the citizens. They doled out free organic compost to residents for those who presented their selfies with their segregated waste.

Spotlight

In this edition we would like to call out Shri Raj Kumar Jha, who has completed 25 years with Team Manjushree. We would like to congratulate and thank him for his contributions, and we hope to be associated with him for many more years to come.

Testimonials

Good plant. Nicely managed with good involvement of management. All good wishes for future.

Sanjay R. Chaulkar and Chandrakant Kudtarkar, Parle Mumbai

Clean facilities with necessary processes in place. Expecting to see MIPL achieve greater heights in future. All the best!

Akhyata Pattanaik, Goodera, Bangalore

Bond Strength

*MIPL had participated in Vietnam Plas, Ho Chi Minh City, Vietnam, an exhibition for the plastic industry to felicitate international trade.

*MIPL had set-up a stall in the 5th Cap India Exhibition held in Mumbai, the largest sourcing and networking event in the country for multiple industries, including the plastic industry.

*EGIPL had participated in the North East Food Show held in Shillong, organized by Meghalaya Institute of Entrepreneurship and SIAL for various verticals related to the Food Industry.

Beacon

*In keeping with the increasing competitive market and consumer demands, businesses needs

new ways to meet the customer satisfaction by using technology effectively.

Team Manjushree works closely with customers and suppliers to develop new ideas and switch them into feasible market propositions. We have some very exciting work going on in exploring new and innovative products and structures keeping in mind customer demands and environmental sustainability.

"Best Wishes to Team Manjushree for Success"

Jay Shankar Maurya, Senior Manager, QC and NPD

Shout-out

This quarter, we would like to hand out accolades to cross-functional team members from Maintenance, Administration and HR for various fire safety related installations across the site, and trainings, awareness programs and mock drills related to fire safety and evacuation.

Report Card

We are delighted to share that the BRC Certification of Manjushree Innovations Pvt. Ltd. was renewed again with Grade A and High Hygiene, demonstrating that Quality is never the result of a one-time effort. Kudos to the Team.
