

Trailblazer

Manjushree added stretch wraps to its repository of products it manufactures. Stretch Wraps are multi-layer, highly stretchable films which have high elongation properties, besides being puncture-resistant. They are used to bundle things together and find great use in warehouse and bundling. Manjushree manufactures both manual grade and machine grade stretch films.

The Social Network

✓ Manjushree organized 'Manjushree's Got Talent', a talent show for its Team Members to showcase their skills in varied fields like singing, dancing, instruments, acting.

✓ Vishwakarma Puja was celebrated on September 17 in Manjushree in all the factory sites.

✓ A flag unfurling ceremony was held at Manjushree Innovations Pvt Ltd to commemorate India's 72

Independence Day.

Spotlight

We would like to extend our heartfelt gratitude and congratulations to Jitendra Kumar Sharma for having

completed 30 years with the Manjushree Family this quarter. We hope to continue scaling new heights along with him.

Bond Strength

✓ Our directors, Shekhar Agarwal and Puneet Agarwal attended the 7th Speciality Films and Flexible Packaging Global Summit, held in Mumbai on September 4th and 5th. The theme of the summit was Sustainable Future of the Flexi-Packaging Industry, and was attended by delegates from 424 companies across 26 countries.

✓ Manjushree had participated in the two-day Skill Symposium and Job Fair cum Skill Exhibition organised by the Assam Skill Development Mission (ADSM), Government of Assam in association with the Federation of Industries & Commerce of North East Region (FINER).

Trends

Tremendous research activities are being carried out across the globe in the field of bio-plastics, to make plastic from renewable biomass sources such as corn starch, oils and fats, food waste, etc.

Bleed Green

✓ Instead of draining waste water from our RO plant in MIPL, we recycle it by using it for washing purposes.

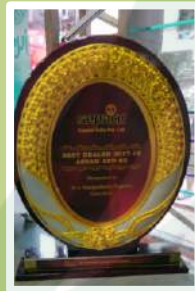

✓ We have started monitoring and recording CO₂ emission levels from various resources, so that it is easier to identify and work towards fixing any anomalies.

Report Card

✓ Manjushree Innovations Pvt Ltd was qualified by Ecovadis, an international collaborative platform providing Supplier Sustainability Ratings for global supply chains.

✓ Manjushree Plastics was conferred the Best Dealer Award in Assam and NE Region, by Seapack India Pvt Ltd, our associates for about three decades.

Shout-out

In this edition, we would like to highlight the work done by one of our promoters, and proprietor of Manjushree Plastics,

Mrs Suman Budhia. Over the course of the past seven years, she's turned one bigha of the free land in our Datalpara factory premises to a self-sustaining organic farm, dairy farm and vermicompost farm.

The setup is known as "Freedom Farm". [FreedomFarm](http://FreedomFarm.com)

To read more about her venture, open the website link by scanning the QR code from your mobile camera. →

Trivia

The annual per-capita consumption of plastics in India stands at 11kg. This is way below the global average of 45 kgs per person per annum.

Testimonials

"Very impressed with the professionalism of the Directors and the technical knowledge of the promoters. SBI is privileged to be a part of the Manjushree Group."

– Keshab Kalita, RMNE, SBI

"Manjushree Innovation is a good and fast growing company having all new technology and skilled, well-behaved manpower. They are always ready to engage for development, and in favour of employees."

– Nirmal Kumar Goyal, QA Head, Bajaj Corporation Ltd, Guwahati

Beacon

"We wish to see Manjushree being recognized for its goodwill, both outside

and within the organization. For this we must continue to strive towards customer satisfaction happiness. All customers have to be given equal importance irrespective of how much business they give us. We have to ensure timely as well as quality delivery - every single time. We have to learn from our mistakes and continue to get better.

We must also work towards building a stronger and well-knit Team. It is not the machines or our products which make Manjushree, but our Team. It must be our endeavor to develop a personal connect with all our team members, so that we remain "Manjushree Family" in the true sense of the phrase.

We must ensure that Manjushree is perceived not just as a company, but as a brand."

–Samir Agarwal, Director.
