

Bleed Green

VFD Panel along with energy meter and PID controller is installed to control the motor speed of Induced Draught and Forced Draught (ID/FD Fan). This help in maintaining the amount of air which further control the carbon particles and emission of black smoke from boiler stack to the environment which ensures less impact in the ambient air.

Trailblazer

Manjushree Innovations has developed lidding film(laminates) for curd, sweets etc. packaging .The characteristics of such laminate is the easy peel off during opening. The customers are using plastic containers and such lids are developed as per the compatibility and requirement of product. It shows, small innovations can create a larger impact for our customer on the packaging market to attract end user.

The Social Network

In the current pandemic situation, getting a jab of COVID-19 vaccine is one of the most important and challenging aspects an individual might face in their fight against the deadly corona virus. In order to ease the process of getting jabbed, Manjushree has taken an initiative to provide COVID-19 vaccination to all its employees in a phase wise manner. Such an initiative ensures that Manjushree always steps ahead to promote the safety, health, and well being of its employee.

Manjushree felicitated Sri Jain Swetambar Terapanth Samity, Fancy Bazar for their support and providing vaccination to our employees which is really commendable.

Testimonials

The plant is maintained as per international standard. Very clean environment of working. Wish the Co. to achieve extra milestone in industrialization for this part of the country.

Mr. Anup Dutta,
AGM, Commercial
Branch, SBI, Guwahati

Spotlight

We would like to extend our gratitude and congratulations to Mr. Bijay Deka Sharania, Operator in Slitting Department for having completed 18 years with Manjushree Family. We hope his effort and dedication towards Manjushree will help us to achieve new heights.

Trends

Manjushree has a deep rooted belief in sustainability which propels it towards the path of growth in tandem with environmental activities. This year too on the World Environment Day, the organisation exemplified its belief towards the cause by planting saplings with the purpose of helping the ecosystem restore, which in turn would help the current and future generations breathe a better tomorrow

Beacon

I am associated with Manjushree Group since the Inception of MIPL, Gauripur .I had enjoyed the entire journey of reaching this Organization to a position of Largest manufacturers of Flexible packaging Materials in the entire Northeast India. Wish we will have many more presence in the other parts of our country in the years to come.

We as a team have achieved many milestone and are ready and prepared to achieve many more. All this has happened due to the guidance of a very competent Leadership , who always believe in culture of Team work , be excellent at what you do and definitely motivating and creating conducive work environment for the employees. Employee and Employer equal participation in meeting Customer expectation is one on the many spectacular things that happen daily at Manjushree .

Lastly thanks to all my Senior , Junior and Colleague for such a wonderful contribution they had made to build the Brand of Manjushree Group.
